NEUROSURGEON EARNS BOARD CERTIFICATION
Paul Tolentino, MD, PhD, Certified Diplomate of
American Board of Neurosurgical Surgery

Cape Girardeau, MO –The American Board of Neurological Surgery, Inc. (ABNS), announced Paul Tolentino, MD, PhD, a neurosurgeon at the Brain & NeuroSpine Clinic of Missouri, recently became a certified diplomate at ABNS.

After successfully completing the certification process, including passing the oral examinations, Dr. Tolentino became an official board certified neurosurgeon, serving the region by providing expert and complex brain and spine care.

“We are fortunate to have someone of Dr. Tolentino’s medical and professional caliber serving patients in our region,” says Scott R. Gibbs, MD, FACS, Founder of the Brain & NeuroSpine Clinic of Missouri. “Dr. Tolentino and his team of medical professionals fully embrace the high level of customer service, patient care, compassion and integrity that serve as a cornerstone for this practice.”

Dr. Tolentino received his medical degree (MD) and doctor of philosophy (PhD) degree from Harvard Medical School. He completed an internship and residency in neurosurgery at Shands Hospital, University of Florida. He is certified to practice medicine by the Missouri State Board of Healing Arts, has received numerous honors and accolades for his research work, and is a member of many medical associations. Dr. Tolentino’s post-doctoral education centered on regulated gene therapy in response to traumatic brain injury.

Dr. Tolentino has practiced at the Brain & NeuroSpine Clinic of Missouri for seven years.
